

FRISBY

LIVE

The Home of Live Music in Frisby!

Six or seven times a year Frisby Live brings music of the highest professional standards to Frisby.

The concerts are organised by Frisby Live Musical Director and local musician, John Montague, who has been bringing live music to the village for over 20 years. Covering every genre of music from blues, rock, Americana, country, roots and rock & roll and even pop and jazz, there is always something for everyone.

A Spectacular Night of Entertainment!

These unique and very special shows involve local, national and even international musicians of the very highest calibre. Some of these players are literally world class!

With a full stage and professional lighting, and breath-taking sound quality at low volume (yes, really!) these events are a hugely popular fixture in the Frisby Village calendar. Bookable table seating and a friendly, relaxed atmosphere makes this a truly great night out.

Bring your own nibbles and drinks (people bring hampers!), and settle in for an evening of outstanding entertainment in the comfort of your own Village Hall. We really are incredibly lucky as a community to have such high quality music on our doorsteps!
